

METRIE EL & EL
INTERIOR DOOR COLLECTION

There are many alternatives when it comes to choosing a new opening for your home. When you choose an Metrie EL & EL Interior Door it's all about the options.

Metrie EL & EL and our partners have come together to offer the most comprehensive line of Interior Door Units in the marketplace today. Choose from Simpson, Masonite, Trimlite or CoxUSA, who offer many styles and different species available in a size to best suit your individual needs.

We offer options to fit any budget and choosing one of our door designs is the first step in creating a beautiful doorway that can provide exactly the look you want for your home.

Metrie EL & EL understands that your home is a reflection of who you are. That's why we've designed a range of doors and glass options to help express a character that is undeniably yours.

Barn Doors

180PLK

Why Choose Metrie EL & EL Premium Barn Doors?

Each Metrie EL & EL barn door is built with authentic stile and rail construction by hand. They are built solid and authentic, putting them in a league of their own.

Full Sized Mulls

Our barn doors have center/cross mulls that are full thickness making sure that the stile meets flush at the stile and rail joints for a truly custom finish.

Deeper V-Grooves

Our V-Grooves are deeper than others. Because of this, the grooves accent the plank style and design.

Separate Panels

Distinct 3/4" edge glued panels. Creates a door that is timeless and beautiful.

Time Proven Beauty

Created with the care and craftsmanship, our barn doors are made to last.

Sizes Available:

Dividers Sliding Passage Door

The dividers sliding passage door is a system that can be mounted to a surface of a wall with no floor tracks required. The versatility of the sliding passage door system combines the functionality and safety of a trackless door system. The sliding passage door system is ideal for dividing small spaces and creating new and unique rooms such as a study, a retreat, a private nook and most often a master bedroom en suite - popular spaces in today's contemporary homes.

Panel Systems available in:

- Single • Double
- Triple • Quad

4 Standard Glass

Options Available:

- Mirror • Black Painted Glass
- White Lami • Polar White

Offered In

4 Standard Frame Finishes:

- Black • White
- Java • Satin Aluminum

Maximum panel weight:

150 lbs.

Complies with ADA standards for push/pull force

Latches and pulls for privacy and passage applications

Simple To Install

MADE IN AMERICA

Sliding Closet Doors

The dividers sliding closet door combines the functionality of a standard closet door with the aesthetics of a contemporary wardrobe door. This system can be mounted under a header or to a ceiling. Concealed bottom rollers adjust to accommodate out of square openings. This quality closet door system uses ball bearing twin wheel top guides for smooth operation and ball bearing bottom rollers with internal gears that provide a maximum height adjustment of 7/8".

All the same features as the Dividers Sliding Passage Door, as well as:

Choose from 4 decorative rail options:

- 2-lite • 3-lite
- 4-lite • 5-lite

Standard or ADA compliant track systems

Concealed bottom rollers adjust to accommodate out of square openings

200 lbs. maximum panel weight

SPECIAL ORDER AND CUSTOM DOORS

Simpson and Metrie EL & EL have partnered to bring in stock, special order and custom doors to the South West. So whatever your project needs are, Simpson can build the door to your exact specifications. Any Design. Any Size. Any Shape. Any Wood Species. To see how Simpson can help make your door dream come true, visit the Simpson Doormagination® tools at simpsondoor.com/doormagination.

IT'S WHAT'S ON THE INSIDE THAT COUNTS

DISCOVER THE METRIE EL & EL DIFFERENCE

Doors set the mood for your style, comfort, and security. They give you the enhancement and curb appeal that puts your home over the edge. We take this very seriously at Metrie EL & EL as the driving force in all of our door offerings.

At Metrie EL & EL, we pride ourselves on finding the highest quality materials for installation in your home. Our Knotty Alder doors have the quality look, feel, and durability you have been searching for. Also with our ability to make any custom door and moulding design in a wide range of species, we are ready to make your home the truest version of your design style possible.

ENGINEERED STILES & RAILS

Engineered stiles and rails are sturdier and less susceptible to warping and bending in the life of a door. The appearance is the same as non-engineered stiles and rails, but the core is made up of multiple pieces of wood that improves the strength and durability.
