BLACK BOOK

OF MOULDING

FOURTH EDITION

METRIE

EL & EL Wood Products

**INTERIOR / EXTERIOR
MOULDING POCKET GUIDE**

MDF | SOLID & FJ PINE
HARDWOODS | VG DOUG FIR
REDWOOD | BODYGUARD®

Go Green

Metrie EL & EL supports responsible forest management for all of our products. Many of the products that we distribute, qualify to earn LEED points for Green Building Products. By acquiring our FSC® Chain of Custody Certification, we are doing our part to ensure that our natural resources will be protected for future generations.

FSC is the most recognized green certifier in America, however, there are many green products that are not FSC certified, yet meet similar requirements and specifications for responsible forestry management.

Ask a Metrie EL & EL sales representative about available FSC certified products.

General Disclaimer

Shapes and sizes listed are typical only and are subject to change without notice. Delivered sizes may vary by $\pm 1/16$ " depending on various conditions including, but not limited to: variances in mill production, condition of milling knives, human error, and/or specification changes/adjustments by Metrie EL & EL between printed publication dates.

If exacting specifications are crucial to your project, please contact a Metrie EL & EL sales representative to discuss your needs. We will work with you to deliver the results you desire.

⚠ WARNING: Products listed in this publication can expose you to wood dust, a chemical known to the State of California to cause cancer. Drilling, sawing, sanding, or machining wood products can produce wood dust. Avoid inhaling wood dust, or use a dust mask or other safeguards, for personal protection. For more information, go to www.P65Warnings.ca.gov/wood.

METRIE EL & EL **BLACK BOOK** OF MOULDING

You'd be lost without it.

This little black book is your own pocket guidebook to mouldings — all the details you need in one place to ensure that every job you do is better than the last.

LEGEND

SPECIES	LENGTHS	
	CASING	BASE/CROWN/OTHER
MUL = Ultralight MDF (Ultralight Fiberboard)	7", 8", 16", 17"	16'
LDF = Lightweight MDF (Light Density Fiberboard)	7", 16", 17"	16'
PR_FJ = Primed FJ Pine	7", 17"	16' + Trimbacks
FJ = Unprimed FJ Pine	7", 17"	16' + Trimbacks
ALL PROFILES		
SP = Solid Pine	7'-16'	
VG = Vertical Grain Doug fir	6'-20'	
F = Mixed Grain Douglas Fir	6'-20'	
R = Redwood	6'-16'	
O = Red Oak	6'-16'	
QWO = Quarter Sawn White Oak	6'-10'	
P = Poplar	6'-16'	
ALD or SA = Superior Alder	6'-10'	
KA = Knotty Alder	6'-10'	
C = Cherry	6'-16'	
MH = Mahogany	6'-16'	
SMH = Sapele Mahogany	6'-16'	
MP = Maple	6'-16'	
WL = Walnut	6'-10'	
FB = Fiberboard	16'	
PB = Particle Board	8', 16'	
PR_LVL = Primed Laminated Veneer Lumber (LVL)	16'	
LVL = Laminated Veneer Lumber (LVL)	16'	

*LENGTHS VARY PER PROFILE

NOTE: Hardwood mouldings are generally available in lengths 12' and shorter. Please check availability for lengths longer than 12'.

EXTERIOR USE:

Items with this symbol are for exterior use

PRE-MITERED CASING:

Available in 7" mitered pairs or sets

IN-STOCK IN ARIZONA

Available directly from Metrie EL & EL Phoenix

How to Use the Little Black Book

All items are separated into their respective categories (e.g. Casing, Base, Crown). Within each category, items are ordered by size from smallest to largest. For example, if you are looking for a 7-1/4" base, go to the Base section, find the 7-1/4" size, and all 7-1/4" profiles will be found together.

Part Description	1 Eased Edge Craftsman Base		
Size	7/16 x 3-1/2		
Part#	387MUL-3	Ultralight MDF	N/S
Old Part# & Location	Formerly 388MUL-3		
Species	PR387FJ-3	Primed FJ Pine	N/S
In-Stock Location			

Each item is listed with an in-stock status designation, showing standard stocking by Metrie EL & EL location at the time of printing. An 'S' denotes the part is in-stock at our Southern California facility, an 'N' denotes the item is in-stock at our Northern California facility, and an 'N/S' denotes the item is in-stock at both facilities.

For your convenience, older part numbers are shown just below the current part number.

ALSO AVAILABLE FROM METRIE EL & EL

Bullnose Base Corners

Many homes today offer the look of eased rounded corners, called bullnose corners, where drywall edges meet. These rounded edges soften and enhance the look of the house.

When baseboard is installed, radius corners continue the eased corner look, creating a beautiful and elegant enhancement at very little cost.

Radius corners can be manufactured in any wood species.

All base profiles are available in radius corners for 3/4" drywall corners. Custom radius corners are available upon request.

Straight moulding fits flush to radius corner blocks, making professional installation quick and easy.

ValuFlex® Flexible Mouldings

Metrie EL & EL manufactures on its premises, ValuFlex Flexible Mouldings, using the highest quality urethane available in today's market. With ValuFlex, you get all the advantages of radiused wood at a fraction of the cost.

Most products in our catalog are available in flexible moulding. Custom profiles are available and made to order, upon request.

BENEFITS OF USING VALUFLEX FLEXIBLE MOULDING

- Superior Lead Times
- Match Any Profile
- Paints & Stains Beautifully
- Incredible Detail
- Custom Profiles Available
- Limited 5-Year warranty against cracking or splitting
- Tear Resistant
- Minimal Shrinkage

HOW TO MEASURE FOR VALUFLEX

For more information about ValuFlex, please refer to the ValuFlex trifold or Section 1, pages 3-4 of the moulding price book

HALF CIRCLE

Length = Radius + Width of Moulding × 3.145 ÷ 12
 (For full-circle, multiply half-circle footage by 2)

ARCHTOP (EYEBROW OR SPRINGLINE)

Casing: Length = Width + Height + 6" ÷ 12"
 Crown: Length = Width + Height + 12" ÷ 12"

ELLIPSE OR OVAL

Paper or Cardboard Template (Always Required)

ALSO AVAILABLE

**ALSO AVAILABLE FROM METRIE EL & EL****MAJESTIC**
*Mantels***Shelves & Surround Kits**

Majestic Mantels by Metrie EL & EL are available in MDF, Poplar, and Oak. These styles of shelves are “flush mount,” with a bottom projection of 3-1/4" inches. All shelves are available in 2'-6" lengths, and 9 different styles (custom lengths and styles are available).

MDF (Medium Density Fiberboard) is made from wood fibers and is a great low cost alternative to wood. Its hard surface resists dents and scratches and its low cost will save you money on your painted applications.

Majestic poplar mantels are made of solid clear poplar that can either be painted or stained.

Oak mantels are made of clear red oak and ideal for staining.

Embossed/High Relief mantels are made from clear poplar.

Wellington Pilaster Kit

To complete the look of your fireplace, get a Majestic Mantels Surround Kit. These Kits contain all the necessary hardware for the DIY type, so you can easily assemble your complete mantel setup in a single afternoon. Available in both Wellington (detailed) and Springfield (plain), these kits are ready for finishing right out of the box and are super simple to assemble for use on just about any standard fireplace opening.

Each of the Surround and Pilaster Kits have been designed to compliment your Majestic Mantels Shelf and at the same time, remain easy to install and make that completely finished look for your home.

ALSO AVAILABLE

ALSO AVAILABLE FROM METRIE EL & EL

Fypon® Polyurethane

Fypon gives design and construction professionals an edge over all other interior and exterior design building materials. Fypon marries style and performance with one of the industry's largest product offerings and best customer service to give our customers a true competitive edge.

Fypon Style

Fypon is the recognized leader in polyurethane product design, innovation and molding technology. From old world style to classic modern design, Fypon offers the largest and most architecturally correct styles and designs of moulding and trim.

- Architecturally correct and historically accurate product styles and designs.
- Our products are designed to capture the texture, patterns and deep shadow lines of classic building materials.
- A distinctive look and personality to complement any home design for maximum appeal.

Fypon Performance

Only Fypon engineers consistent quality and long lasting performance into every product we make. From our popular trim and mouldings, to our balustrade systems and decorative millwork, each product is manufactured by experts in polyurethane molding technology. All Fypon building products:

- Are easy to install with no special tools or extra labor necessary,
- Deliver consistent workmanship and product quality,
- Feature low maintenance,
- Provide weather and moisture resistance,
- Come stain or paint ready,
- Resists insects and won't warp, crack, or split.

Prefinished Beams

Metrie EL & EL now offers prefinishing on Fypon Beams and Mantel Beams in four rich stain colors, replicating the look and texture of authentic timber beams. Ready for installation, prefinished beams save time and labor. Simply cut to length and install.

For Special Order items, please visit the EL & EL website at www.ELandELWoodProducts.com or contact a sales representative.

**ALSO AVAILABLE FROM METRIE EL & EL****HB&G™ Columns & Porch Systems** **HB&G PermaCast® Columns**

PermaCast® columns, made from structural fiberglass, maintain architectural authenticity and historical accuracy. They can be used as support or decorative columns. They require minimal maintenance and are weatherproof, insect proof, and highly durable.

HB&G PermaLite® Columns

HB&G PermaLite® square and round columns are cost effective, load bearing, weather and insect proof, and require very little maintenance.

Capitals & Bases

HB&G manufactures the only column capital that provides a sealed cap flashing, preventing weather and the elements from entering the interior of the shaft. This flashing is great for outdoor column installations. HB&G standard capitals and bases are manufactured using foam polyurethane, making them extremely lightweight and economical.

Metrie EL & EL also manufactures matching capitals and bases made from high grade urethane that are extremely strong, dense, and durable.
